In American Psychological Association style, books are cited both on a separate page of references and in the body of the text. An APA reference page listing requires different information and formatting depending on whether the entire book is written by one author (or authors) or is an edited anthology of chapters by different authors.

### **How to Cite a Book, Chapter, and Title in APA Format | Pen ...**

Book Chapter References. On the other hand, if the chapter comes from a book where each chapter is written by different authors (and the whole thing is put together by an editor), then provide a separate reference for each chapter that you used.

### **APA Style Blog: Books and Book Chapters: What to Cite**

There are also a number of different situations that affect how you will write your references such as whether the book has more than one author and whether it involves a chapter in an edited book. The following examples and guidelines can help you prepare book references in proper APA format.

### **Book References in APA Format - Verywell Mind**

APA Format Broken Down: Use this format if you are using 1 chapter out of a book that has many chapters, and each chapter is written by a different author.

### **How To Cite a Chapter From a Book in APA Format**

If there are different authors for each chapter, you need to reference EACH chapter you use. If you use multiple chapters from a book with different authors for each chapter, you still need to reference EACH chapter you use.
