CJ Loria didn't have the smoothest transition into his role as the new Earth Resources Observation and Science (EROS) Center director. He had been on the job less than two weeks when the government shut down for 35 days, starting Dec. 22, 2018.

Earth Resources Observation and Science (EROS) Center

New planning obligation data standard will help councils test viability, says expert. The new government requirement for planning authorities to collect data about developer contributions in a standard format will help councils to test developers' viability claims at an earlier stage in the process, according to a senior figure at the ...
