Contour plowing or contour farming or Contour ploughing is the farming practice of plowing and/or planting across a slope following its elevation contour lines.

### **Contour plowing - Wikipedia**

RollerMouse Red, unlike a traditional mouse, sits in front of your keyboard instead of to the left or right. This placement eliminates the need for reaching for the mouse and will greatly reduce unnecessary muscle activity in your arms, shoulders, and neck.

### **RollerMouse Red Series - Contour Design Inc.**

Over the past 20 years, Contour Logistics has become a truly distinctive logistic solutions service provider. Not by doing things by the book, but by thinking outside the box.

### **Contour Logistics | We connect the dots...**

Contour Mouse has a patented 17° slope built into its apex to accommodate the natural, resting posture of your hand. This allows your hand to be in a relaxed posture throughout the day, minimizing the strain associated with using a computer mouse.

### **Contour Mouse - Contour Design Inc.**

Meteorological contour lines are based on interpolation of the point data received from weather stations and weather satellites. Weather stations are seldom exactly positioned at a contour line (when they are, this indicates a measurement precisely equal to the value of the contour).

### **Contour line - Wikipedia**
