

Hidden Lines In Engineering Drawings

The drawing tools are like drawing board, mini drafter, instrument box containing compass, divider etc,.. set squares, protractor, french curves, drawing sheet, pencils, erasers.....

Engineering drawing: BASICS OF Engineering drawing

A scale ruler is a tool for measuring distances and transferring measurements at a fixed ratio of length; two common examples are an architect's scale and engineer's scale.

Scale ruler - Wikipedia

A field line is a graphical visual aid for visualizing vector fields. It consists of a directed line which is tangent to the field vector at each point along its length.
