Desulphurization of Liquid Steel. Solubility of sulphur (S) in liquid iron (Fe) is quite high. But the solubility of S in solid iron is limited.

### **Desulphurization of Liquid Steel | ispatguru.com**

In many hydrometallurgical processes the main objective is to obtain a zinc rich solution with sufficient purity for further processing, for recovering either pure metal (HGI) or compounds – such as an oxide or sulphate.

In the current study, the thermodynamics of the slag-metal equilibrium reaction between Inconel 718 Ni-based alloy and CaF<sub>2</sub>-CaO-Al<sub>2</sub>O<sub>3</sub>-MgO-TiO<sub>2</sub> electroslag remelting (ESR)-type slags were ...

Some physical and mechanical properties of copper slag is shown in Table 2. Air-cooled copper slag has a black colour and glassy appearance. The specific gravity varies with iron content, from a low of 2.8 to as high as 3.8.

### **Characteristics and utilisation of copper slag—a review ...**

ADHESIVES AND CONSOLIDANTS. Synthetic resins are widely used by conservators. These resins are polymers constructed of a chain or network of repeating single units, called monomers, that combine with themselves, or with other similar molecules or compounds, to form polymers.

### **Preservation of Artifacts - antique restorers**

Author: T. Buergler . Company: voestalpine Stahl GmbH, Austria. Co-Authors: Abstract: Reducing CO<sub>2</sub> emissions by around 80 percent to 2050 is the central climate goal, and requires both energy suppliers and industry to prepare themselves and explore new pathways together.

The history of chemistry represents a time span from ancient history to the present. By 1000 BC, civilizations used technologies that would eventually form the basis of the various branches of chemistry.

### **History of chemistry - Wikipedia**

Research interests. Dr Wang's research interests centre on developing surface coatings for wide range of engineering applications and using advanced characterisation techniques to understand and improve the mechanical and tribological properties.
