Using Lowering pins or as Adrian mentions Knuckles will absolutely give a better view of your car. totally skipping the 4x4 view. Most important: the ride with pins or knuckles will result in a higher pressure in the hydragas system, so the car will perform better suspension wise and ride feeling.

### **Hydragas Ride Height - The MGF Register Forums**

The Leyland P76 is a large car that was produced by Leyland Australia, the Australian subsidiary of British Leyland. Featuring what was described at the time as the "standard Australian wheelbase of 111 inches", it was intended to provide the company with a genuine rival to large local models like the Ford Falcon, the Holden Kingswood, and the ...
