Sepsis is the third leading cause of death in the U.S. Chances are, you have at least one patient in your unit battling sepsis right now, and every day you care for patients at risk for developing sepsis.

Sepsis Guidelines for Nurses - AACN

The core concept of the reconceptualized model of certified practice - the AACN Synergy Model for Patient Care - is that the needs or characteristics of patients and families influence and drive the characteristics or competencies of nurses.

Synergy Model - AACN

The Compass modules offer a great resource with evidence-based information to help guide our new hires. I have used a number of items from Compass to help support our acute case management team learning as well as presentations to our Family Medicine Residency program.
