Wine History... science and social impact through time ... One path of wine history could follow the developments and science of grape growing and wine production; another might separately trace the spread of wine commerce through civilization, but there would be many crossovers and detours between them.

In this paper we revisit the relationship between democracy, redistribution, and inequality. We first explain the theoretical reasons why democracy is expected to increase redistribution and reduce inequality, and why this expectation may fail to be realized when democracy is captured by the richer segments of the population; when it caters to ...
