

Scalable And Modular Architecture For

Our founders pioneered the field of quantum computing. Now we're building them to deliver a truly revolutionary product to the world, using superconducting qubits in a modular, robust, and scalable architecture.

Quantum Circuits, Inc.

With ServersCheck and InfraSensing get a complete, modular, scalable, open & affordable monitoring solution. It has been deployed by more than 8,000 companies and organizations around the world.

ServersCheck - Simply Smart Monitoring. Anywhere. Everywhere.

Modular design, or "modularity in design", is an approach (design theory and practice) that subdivides a system into smaller parts called modules or skids, that can be independently created and then used in different systems.

Modular design - Wikipedia

The AWS Architecture Center provides the latest reference architectures, Quick Starts, and architecture whitepapers from AWS.

AWS Architecture Center

SPARC (Scalable Processor Architecture) is a reduced instruction set computing (RISC) instruction set architecture (ISA) originally developed by Sun Microsystems.

SPARC - Wikipedia

Modular Articulated Robotic Arm (MARA) is a modular robotic arm (m-cobot) powered by ROS 2.0 that delivers industrial-grade features. Contact sales for further information and preorders.

Robotic arm | The first modular articulated robotic arm ...

WSO2 Architecture for Agility. A Proven approach to helping every development organization become an integration agile organization. The WSO2 Architecture for Agility is a logical architecture based on a disaggregated cloud-based model.

WSO2 Architecture for Agility

Modular and Extensible Web Server. IIS7 is a completely modular, extensible Web server which can be customized and extended to meet the needs of every Web professional.

Modular and Extensible Web Server : The Official Microsoft ...

An incredible web server that's built around you... Internet Information Services (IIS) for Windows® Server is a flexible, secure and manageable Web server for hosting anything on the Web.

Overview : The Official Microsoft IIS Site

SiteSage is a modular system designed to support a diverse set of organizational types and facility sizes. The SiteSage software modules can each be individually implemented, leveraging SiteSage's patented cloud analytics, enterprise portal, and mobile apps.

SiteSage Energy Management System | Powerhouse Dynamics

The ELISE software platform in its most abstract representation is shown in the picture below. Basically it consists of multiple matching nodes, an ingest module and the integration, load balancing and fail-over part.

ELISE Architecture | WCC Smart Search & Match

Application Centric Infrastructure (ACI) Cisco ACI is a comprehensive software-defined networking (SDN) architecture that automates IT tasks, accelerates data center application deployments, and significantly reduces TCO.

Networking Software (IOS and NX-OS) - Cisco

Doug Recker – CEO. Doug Recker is the founder & CEO of EdgePod a Modular Life company. In his career he has achieved Northeast Florida’s Ultimate CEO award, was an owner of one of Florida’s fastest growing companies, was listed in the 40 under 40 top CEO’s & was listed as the owner of one of the 500 fastest growing companies in the ...

Introducing EdgePod - Edge Computing powered by Micro DC

Product Brief: The latest Intel® Xeon® Scalable processors provide consistent performance for data-centric workloads.

2nd Gen Intel® Xeon® Scalable Processors Brief

In this episode of This is My Architecture, Michael Mac-Vicar, CTO, explains how they built an architecture to support millions of players around the World using different AWS Regions and globally distributed Kubernetes clusters.
