Biology undergraduate and graduate programs ... BIOL 111G. Natural History of Life. 3 Credits (3) Survey of major processes and events in the genetics, evolution, and ecology of microbes, plants and animals, and their interactions with the environment.

Biology < New Mexico State University

Before we can look at how current cells evolved from ancient cells, we first need to talk a little bit about cells themselves. Cells are the basic unit of structure and function for all living things.

The Endosymbiosis Theory: Evolution of Cells - Video ...

I obtained a degree in marine biology from the University of Groningen where I was working on different projects ranging from marine viruses, organic matter fluxes and anti-freeze proteins in polar diatoms.
