Author Spotlight. Marian Small, former Dean of Education at the University of New Brunswick, writes and speaks about K-12 math around the world.

### **Stenhouse Publishers**

Paired reading is a research-based fluency strategy used with readers who lack fluency. In this strategy, students read aloud to each other. When using partners, more fluent readers can be paired with less fluent readers, or children who read at the same level can be paired to reread a story they have already read.
