

Unit 3 Microeconomics Answer Key

UNIT III: THE THEORY OF THE FIRM (20-25 days) The Theory of the Firm is the heart of a Microeconomics course. This material will be difficult because it is abstract, and it is important not to get bogged down in details and miss the major theoretical conclusions in this unit.

In microeconomics, supply and demand is an economic model of price determination in a market. It postulates that, holding all else equal, in a competitive market, the unit price for a particular good, or other traded item such as labor or liquid financial assets, will vary until it settles at a point where the quantity demanded (at the current ...
